<p>...I have participated in many conferences, inside and outside My country Iraq. This conferences stands in the lead for many reasons. Firstly, the warm welcome for the participants where they find atmosphere and hospitality the whole period of the conference. Secondly, the sessions supply enough time for the researchers to deliver their papers and have useful discussions as well as answers the questions. Thirdly, all the staff of the conference ease all the difficulties beginning with reservations of flights and meeting all logistic needs of the participant. What is recognizable about this conference is that it is followed by three days tour where one can be fully aware of a country may be 6000 thousand years old civilization may be more or less. Finally, participating in this thoughtful conference provides scientific benefits mixed with enjoyment and fun. Thanks to all the huge efforts of those who are in charge of the conference. I have participated more than once in this conference and I hope it will not be the last one...</p>
